RESOURCES

To read **full books** right away, browse through these growing selections of books on Italian academies: whole books from The Warburg Institute Library Digital Collection, and whole books from Yale University's Beinecke Rare Book & Manuscript Library.

ENTER ➔

To review a lively variety of **markers** derived from an 18th-century manuscript held by the Casanatense library in Rome, see this searchable visual database of emblems of the Italian Academies.

ENTER ➔

To explore an alphabetical **inventory of all Italian academies** in recent centuries, see Michele Maylender's five-volume history of Italian Academies (published 1926-30), [here](#).

ENTER ➔

To learn about pertinent volumes held in the British Library, search this **database of titles** (but no interior text): it carries details on volumes originally published by academies in Bologna, Naples, Padua, and Siena, 1530-1700.

*The Academies Project at the Italian Academy is a research tool developed by Columbia University’s Italian Academy for Advanced Studies in America. Digital copies of texts that can be downloaded through this site are available for study purpose only; permission must be sought from the Warburg Institute (or the pertinent institution) for any other use.
